CHC EMPLOYEE TESTS POSITIVE FOR COVID-19 Total Allegheny County Cases Now at 165

CUMBERLAND, MD – The Allegheny County Health Department reports that a Cumberland Healthcare Center employee has tested positive for COVID-19. This brings the county’s total number of cases to 165. So far, the virus has claimed the lives of 16 Allegheny County residents.

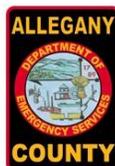

With the “Stay at Home” order lifted and replaced by the State’s “Safer at Home” guidance, the health department stresses the importance of continuing to wear face coverings when out in public and maintaining social distancing of at least six feet between people. Wash and sanitize your hands often, and clean and sanitize frequently-touched surfaces.
